

REMARKS

Reconsideration and allowance are respectfully requested in light of this response.

During telephone interviews on May 27, 2005, May 31, 2005, June 1, 2005 and June 3, 2005, the undersigned was notified that the following items are required:

- (1) a Supplemental Reissue Declaration,
- (2) a Form PTO-1449 correcting a typographical error with respect to USPN 5,157,742 and
- (3) a listing of the claims.

A Supplemental Reissue Declaration and a corrected Form PTO-1449 are attached, and a listing of the pending claims is set forth above.

Claims 3 and 6-9 recite the language "from peripheral pixels at positions corresponding to the motion vector MV1 and the motion vector MV2." The term "peripheral" is relative to the positions of the motion vectors. Thus, this language specifies that the "peripheral pixels" are peripheral of the positions of the first and second motion vectors, as is consistent with non-limiting Fig. 5 and the description thereof in the specification.

If any issues remain which may best be resolved through a telephone communication, the Examiner is requested to telephone the undersigned at the local Washington, D.C. telephone number listed

below, in order to expedite consideration and allowance of this application.

Respectfully submitted,
